#### WHO WE ARE?

As a member of the Legal Loans family, we live by the following values: Respect, Dignity, Integrity, Accountability, Pushing Beyond Boundaries and last but not least, the spirit of Ubuntu.

Legal Loans is committed to providing business loan, home loan, personal loans and debt consolidation products that enable the responsible use of credit as part of a structured financial plan at 3.50% interest rate. Too many South Africans fall prey to debt traps as a result of ill-informed financial decisions. Products such as multiple and payday loans can very quickly lead to crippling debt. Loans taken from unscrupulous lenders aren't usually designed around a customer's unique financial situation and have high repayments and high interest rates.

Legal Loans dedicated to finding the best short-term and long-term lending solutions for our clients who are in need of a cash loan to cover anything from extra monthly expenses to the unexpected.

We will strive to provide you with the cash you need and when you need it. When you need a fast cash loan, there is no time to waste. Legal Loans will assist you in getting pre-qualified for a loan. An agent will contact you and give you an approval decision while you wait.

If your loan is approved you won't have to wait long before the money you need appears in your bank account.

Our flagship product, My Money Plan allows you to consolidate debt by combining it into one plan and pay a lower installment. It also helps you reduce your finance charges and increase your available cash.

#### **HOW WE LEND**

Affordability: The size of the loans we offer depends on what you can afford. If used responsibly and with care, loans can influence your life positively, for example, loans for education or home improvements. We help you to make responsible choices; to understand the link between your duty to repay the loan and being able to afford the monthly repayments over the agreed number of months.

Spending time: We spend time with you to make sure you understand the loan process. Our aim is to make sure that, together, we create a plan that manages your debt and monthly cash requirements so that you can take control of your finances and face the future with confidence.
