Right now, we have decided to carry on the release of your fund by ourselves because your fund returned back to us on 12th of January 2015 when we asked our affiliate bank (Barclay's Bank and royal Bank of Canada) to stop all their communication with the general public regarding the release of their compensation fund.

The World bank President (Mr. Jim Yong Kim) has given us and the Inland Revenue Services Department of England a serious warning to make sure that the fund should be released to the beneficiaries. Because of this, we (THE HSCB BANK) have chosen a capable affiliate Bank of our choice to handle this transaction for us in our place. (South Africa Reserve Bank) Therefore, you are to contact them in the person bellow: Dr. Daniel Aaron. Mminele (Deputy Governor SARB) However, We apologize for the delay of your payment and all the inconveniences that we might have caused you during this period and at the same time urge you to stop all your communication with any person or entity claiming to release a compensation fund to you. **To receive your funds, you must obtain the VITAL FICA FORM Very important otherwise no payment.** NB: Your funds have been place under insurance.
