Attn: Sir/CEO,

LEGITIMATE ARRANGEMENT

Dear Sir,

I am Barrister Jabu F. Thevedi, the Principal Partner of above Law Firm. Our company is also a specialist in Property management. I would respectfully request that you keep the contents of this mail confidential. I would like to intimate you with certain facts that I believe would be of interest to you in anticipation that you will make-out time and read my message carefully and reply to me with swift disclosing your intention to partner with me in this deal.

On the 2nd of July 2006, my office supervised the signing of a 10-year property lease agreement with some Libyan government officials who arrived here in South Africa with acclaimed mission of Crude-oil investment under the delegation of their late president Muammar Mohammed Abu Minyar Gaddafi. The Property in subject is (Double-storey) buildings located in one of the most expensive and secured areas in Johannesburg, South Africa. Since the death of the former Libyan President, Muammar Mohammed Abu Minyar Gaddafi on 20 October 2011, none of those officials who took part in the signing of the lease agreement has appeared to renew the contract. I am presently of the opinion that all those men were killed alongside their boss during Libyan war that took-out their late president.

Few days ago, the original owner of the Property, Dr. Lucas Van Der Merwe, an estate developer informed our office about the expiry of the lease agreement in order for us to reclaim the property. Acting under the directives of our client, we took the decision to first of all unlock the property for supervision before we look for the workers, who will renovate the property apartments. We were perplexed by what we saw inside one of the Rooms. Different foreign Currencies packed in one of the rooms with a Jewellery-box. I understood that multi-million United States Dollars worth of Libyan money was brought-in into my country by the late President but never expected to have direct contact with such. You can browse through the below web-page to be better acquainted with what I am talking about.

Before we decided to contact the South African Security Officials for the matter, we decided to make-away with huge sum of money totalling to US\$45,000,000 (Forty Five Million United States Dollars), which we presently packaged in (2) Trunk Boxes and secured with a Private Equity Company. We decided not to tell the Private Equity Trust Company Officials what the Trunk Boxes contained but lied to them that it contained some treasured valuable of a deceased client.

If you give me positive signals, I will initiate this process towards a conclusion. Please try to keep this issue very confidential and observe this instruction religiously. I will use my legal-position to influence my banker who will assist with the necessary logistics for the lodgement of the fund and onward remittance to an overseas account of your choice. We are also putting-up another arrangement with the Private Equity Trust Company Chief for possible shipment of the Trunk Boxes to any overseas partner whom we will present as the next of kin to our deceased client but we must enter into a concrete agreement with you for the safety of our own share of the fund. If you hereby assure me of the safety of our part of the fund, we have no option than to work with you. You will be entitled to 25% of the total fund for your assistance.

Please, again, note I am a family man, I have wife and children. I send you this mail not without a measure of fear as to what the consequences, but I know within me that nothing ventured is nothing gained and that success and riches never come easy or on a platter of gold. This is the one truth I have learned from my advocate. Do not betray my confidence. I await your response.

Best regards,

Mr. Jabu F. Thevedi
(BARRISTER)
