

Good day!!! My name is Mr. Rex Manierri, a Transactional Banker with the Credit and Foreign Bills division of a bank in London, United Kingdom. We had a foreign client who died long ago and he had an account with a huge balance in the bank where I work and he had no next of kin and all efforts to trace any relative have failed. My position allows me to arrange for title documents legally in your name as a foreigner to stand in and make claim as next of kin. You will be rewarded for your role. If you are interested send me your full names, date of birth, nationality, occupation and your direct telephone numbers (Home/Mobile phone numbers), so I can open up a discussion with you in details.

Thanks
